

MURDERER SENTENCED

Theodoro Rizzo to Die in
Electric Chair at Auburn

FOR SLAYING CHILDREN

Verdict of Guilty Was Returned by the
Jury Late Yesterday Afternoon
at Utica, N. Y.—Prisoner
Collapsed.

Utica, N. Y., Oct. 22.—Theodore Rizzo, the murderer of the two children, Theresa Principio and Freddy Infusino, whom he lured from their homes in this city on September 12 and shot in a ravine, was found guilty by a jury in supreme court late yesterday afternoon and was immediately sentenced to death. Justice Rogers imposed sentence fixing the week commencing November 21 as the date and Auburn prison as the place for carrying out the penalty.

Half an hour after the sentence, Rizzo was en route to Auburn prison where he was placed in the condemned row. Six officers accompanied the prisoner to Auburn as a precautionary measure against possible violence to him, who since his arrest, has been the most closely guarded man ever placed in the Utica jail.

The prisoner's bravado, which he has maintained throughout the trial, had deserted him before Judge Rogers gave the case to the jury and when the verdict was announced and he stood up to hear his doom, Rizzo was in a state of collapse and had to be supported by deputies.

ELECTRIC LINE TO POULTNEY

To Connect With The Rutland Trolley
System is Announced as The
Next Move.

Rutland, Oct. 22.—Another link in the chain of electric railways which will soon connect this city with large outside points, was forged yesterday with the announcement that the extension of the Rutland railway, Light and Power company's line to Poughkeepsie and ultimately to Granville, N. Y., is practically an assured fact. This extension was decided upon at a conference of President H. Tracy Rogers, Vice-President Leo H. Wise, Secretary C. H. West and General Manager George S. Haley, held here yesterday afternoon.

President Rogers said last night: "Arrangements are all made to finance the building of a road from a point on the main line near Castleton, through the slate quarries to Poughkeepsie, and that the people of Poughkeepsie grant the company franchises on favorable terms. We stand prepared to commence operations at once. We are ready as soon as the citizens of Poughkeepsie are. Our engine will be set to work very shortly running a line through. The money for the work is all in sight."

It is probable, however, that no actual work of construction on the new road will be done before spring, with the exception of surveying. In regard to the extension to Granville, Mr. Rogers said: "That is a matter for the very near future to decide; probably this will be done if the road to Poughkeepsie is well received and if there is a strong desire on the part of the citizens of Granville to have the road run through to that point. Our present charter enables us to make these extensions. We will sell power along the line to all who want it. We will do our share to build up Rutland and its environments."

Large undertakings are being carried out at the company's dams in order to increase the power. The East Pittsford dam already is completed and Chittenden dam will be raised eight feet, the work starting today. Another reservoir project will be installed next spring to make up for the additional eight feet.

CHALLENGE FROM D. F. DAVIS.

D. F. Davis is seeking the worst case
of constipation in Barre or vicinity, to
test Dr. Howard's new specific for the
cure of these diseases.

So confident is he that this remark-
able medicine will effect a lasting cure
in a short time, that he offers to refund
the money should it not be successful.
In order to secure the quickest possi-
ble introduction D. F. Davis will sell a
regular fifty-cent package of this medi-
cine at half price, 25 cents.

This specific of Dr. Howard's will cure
sick headache, dizzy feelings, constipa-
tion, dyspepsia and all forms of malaria
and liver troubles. It does not simply
give relief for a time; it makes perma-
nent and complete cures.
It will regulate the bowels, tone up
the whole intestinal tract, give you an
appetite, make food taste good and di-
gest well, and increase vigor.

yesterday afternoon by the police on
the charge of having given poisoned
candy to Mrs. Nannette Lillard, wife of
R. W. Lillard, aged 35, reporter for an
afternoon paper here. Lillard is of a
prominent Bloomington, Ill., family, and
after working for Chicago newspapers
was for some time managing editor of
an Atlanta, Ga., newspaper.

Captain Gaffney reports that last
Sunday Mrs. Lillard handed him a box
of chocolates which she said Mrs. Ridley
had given her.
Gaffney turned the candy over to the
city chemist, who announced yesterday
that the candy was so charged with
strychnine that one piece of it fed to a
rabbit killed the animal instantly.

Mrs. Lillard, according to the report,
charges Mrs. Ridley with having come
to her home and given her candy as a
peace offering after she had asked the
police to protect her and her family
from Mrs. Ridley's infatuation for Lil-
lard.

On Keeping Sponges Sanitary

On account of the difficulty of keep-
ing sponges in a sanitary condition,
many people have discarded them en-
tirely. However, it is easy to keep them
lean and sweet if in addition to rinsing
in clean, warm water after being used,
they are boiled once a week in water
to which has been added a teaspoonful
of Gold Dust washing powder and then
rinsed through several clear, warm
waters. Wash cloths should also be
boiled in Gold Dust suds and thoroughly
rinsed, sunned and ironed. Those of
thin linen crash are more desirable than
heavy ones.
